**Message from the LWMGC President**

A reminder to all members to call the pro shop at (949) 597-4336 and register a credit card that will be linked to your Laguna Woods ID number. Please go to our website, lwmgc.org to see the latest golf guidelines. This is a must read for all members. The new guideline is dated May 16th. Remember if you need to cancel your tee time you need to do it the day before. The only reason you need to go to the starter window is to rent a cart.

The board meeting held in August was done via teleconferencing. The board meeting minutes will be published and posted online.

Remember to support Marcy Sheinwold and the Foundations however you can. You can make a donation by sending a check to the following address "The Foundation of Laguna Woods Village, P.O. Box 3279 Laguna Hills, Ca 92654". Please make the check to The Foundation of Laguna Woods Village. They gladly accept any and all contributions.

Aerification starts next month with course 1 closed the week of the 14th of September, course 2 will be closed the week of the 21st of September and course 3 will be closed the week of the 28th of September. The par 3 course and driving range will be closed the week of the 5th of October.

A committee was created to address the conditions of the golf course. The committee was composed of board members Dennis Boudreau, David Lilyquist and Shaun Tumpane. Bill Culbertson was asked to participate on the committee also. The committee went on each of the three courses to collect what data on areas they felt that needed to be addressed. They consolidated their findings and then Dennis Boudreau presented them to Sean Cincotta, Superintendent of the golf course. The meeting was amicable and Sean agreed to address the committee's findings.

Tom McCray, Golf Operations Manager, said he hoped to have a POS system up and running by the end of the year for booking online tee times. He also is looking into how to allow members to purchase items in the pro shop in person. He would like to move the inventory they presently have. He said that the driving range modification is out for bid and that the work will hopefully start at the end of this year or early next year.

The President's Cup, flight competitions, new member orientation, putting contest and the derby are all postponed. The board will reschedule these events as soon as the present restrictions are lifted. All regular Wednesday tournaments will continue

throughout September as open play (non-competitive).

The handicap chairman reminds all members, to check when your renewal date is, go to our website, click on the green Handicap button and then click on the blue Renewals button . Any further questions should be directed to our handicap chairman, Paul Santoro, at pjsantoro527@gmail.com. Also, remember you are required to post all your rounds.

We are looking for volunteers to serve on the board starting next year for a 3-year term. Please contact Bob Napack, at bobnapack@napackdesign.com if you are interested. What keeps this club going is the unselfishness of members to volunteer their time to meet the needs of the club and the golfing community. The board is grateful for the many volunteers that help us year long. Remember, it is your chance of giving back to the community and the sport you so enjoy.

The club needs to develop a new website and if you have experience in website building please contact Bob Napack, at bobnapack@napackdesign.com if interested.

Go to our website, lwmgc.org, for any new updates that affect our club and the golfing facilities. Remember that the 19th restaurant is open for dine-in on the outside patio and let's keep supporting Tony and his crew.

Take care of yourself and your loved ones. Be safe and smart. Looking forward to seeing familiar faces on the course.

John Soule – President
